1. Introduction

- 1.1. The Housing Development Agency (HDA) is a national public development agency that promotes sustainable communities by making well-located land and buildings available for the development of human settlements. As its primary activity, the HDA assembles state, private and communal land and buildings and releases it for development. In addition the HDA provides project delivery support services to organs of state at local, provincial and national level.
- 1.2. The Monitoring and Evaluation sub-programme is tasked with providing on-going monitoring on the progress on the development of land and landed properties acquired for the purposes of creating sustainable human settlements.
- 1.3. In order to ensure that the Monitoring and Evaluation sub programme is equipped with all the necessary resources to be able to collect and verify information measured through a monitoring and evaluation value chain, on-going real time information is to be accessed independently.
- 1.4. The HDA is thus seeking to appoint a suitably qualified and experienced service provider to provide access to land and property information through a digital platform. Suitably qualified, experienced and competent professional service providers are hereby invited to quote.

2. Purpose

The service provider is to provide a quote on the costing of the various search items and document retrieval costs via the digital platform.

3. Scope of work

To provide access to information, records and reports on land and properties within the Republic of South Africa over a period of 3 years i.e. from January 2019 to January 2022.

- 3.1. The sourcing of information will include the following:
 - Ownership Rights and other rights registered over land (Deeds Office)
 - Encumbrances registered over land (Deeds Office and SG Office)
 - Conditions of Title and historical ownership records (Deeds Office)
 - General Plans and SG Diagrams (SG Office)
 - Valuation reports
 - Property transfers and bonds and lending risk
 - Any other land / property assessment reports or analytics (value add)

3.2. The quotation should also indicate the following:

- Provision of licensing and maximum number of users
- Frequency of data updates
- Ability to search individual records and/ or in bulk / batch
- Format of the records and reports

4. Evaluation Process

In order to facilitate a transparent selection process that allows equal opportunity to all service providers, the HDA has a policy for the appointment of service providers.

The following table will demonstrate the criteria to be used for allocation of points for functionality as outlined above. Bids scoring less than 75 points of functionality will be set aside.
