RFP/CPT/2019/007

1. INTRODUCTION

The Housing Development Agency (HDA) is a national public development agency which promotes sustainable communities by making well located and appropriately planned land available for the development of human settlement. As its primary activity, the HDA identify, acquire, hold, develop and release state, private and communal land and releases it for development. As part of its processes, the HDA conducts property holding plans in order to identify and implement services and maintenance requirements to ensure the sustainability and security of its properties and those of various stakeholders.

2. BACKGROUND

The HDA and the Western Cape Department of Human Settlements (WCDHS) have entered into the Service Level Agreement to facilitate acquisition and management of Western Cape Provincial Human Settlements Department property portfolio and further this agreement incorporated on the Medium-Term Operational Plan (MTO) signed between the two parties. Subsequent to this, the Housing Development Agency has, within the framework of the MTO, acquired a number of properties within the jurisdiction of City of Cape Town (COCT) Metropolitan Municipality on behalf of the Western Cape Department of Human Settlements (WCHS) for the purpose of human settlements developments. The COCT Metropolitan area has number of informal settlements and recently been exposed to sprawling land invasions thus subjecting the properties to imminent threat of unauthorised occupation and usage. As a mitigation measure, the HDA is planning to procure the appropriately qualified, competent, experienced and professionally registered security company, to provide the physical surveillance services on the properties to ensure a safe and secured environment including managing unauthorised use, entry, illegal dumping and invasions.
