General Conditions of Contract

1. Definitions

1. The following terms shall be interpreted as indicated:
 - 1.1 “Closing time” means the date and hour specified in the bidding documents for the receipt of bids.
 - 1.2 “Contract” means the written agreement entered into between the purchaser and the supplier, as recorded in the contract form signed by the parties, including all attachments and appendices thereto and all documents incorporated by reference therein.
 - 1.3 “Contract price” means the price payable to the supplier under the contract for the full and proper performance of his contractual obligations.
 - 1.4 “Corrupt practice” means the offering, giving, receiving, or soliciting of any thing of value to influence the action of a public official in the procurement process or in contract execution.
 - 1.5 "Countervailing duties" are imposed in cases where an enterprise abroad is subsidized by its government and encouraged to market its products internationally.
 - 1.6 “Country of origin” means the place where the goods were mined, grown or produced or from which the services are supplied. Goods are produced when, through manufacturing, processing or substantial and major assembly of components, a commercially recognized new product results that is substantially different in basic characteristics or in purpose or utility from its components.
 - 1.7 “Day” means calendar day.
 - 1.8 “Delivery” means delivery in compliance of the conditions of the contract or order.
 - 1.9 “Delivery ex stock” means immediate delivery directly from stock actually on hand.
 - 1.10 “Delivery into consignees store or to his site” means delivered and unloaded in the specified store or depot or on the specified site in compliance with the conditions of the contract or order, the supplier bearing all risks and charges involved until the supplies are so delivered and a valid receipt is obtained.
 - 1.11 "Dumping" occurs when a private enterprise abroad market its goods on own initiative in the RSA at lower prices than that of the country of origin and which have the potential to harm the local industries in the RSA.
 - 1.12 "Force majeure" means an event beyond the control of the supplier and not involving the supplier's fault or negligence and not foreseeable. Such events may include, but is not restricted to, acts of the purchaser in its sovereign capacity, wars or revolutions, fires, floods, epidemics,

quarantine restrictions and freight embargoes.

- 1.13 “Fraudulent practice” means a misrepresentation of facts in order to influence a procurement process or the execution of a contract to the detriment of any bidder, and includes collusive practice among bidders (prior to or after bid submission) designed to establish bid prices at artificial non-competitive levels and to deprive the bidder of the benefits of free and open competition.
- 1.14 “GCC” means the General Conditions of Contract.
- 1.15 “Goods” means all of the equipment, machinery, and/or other materials that the supplier is required to supply to the purchaser under the contract.
- 1.16 “Imported content” means that portion of the bidding price represented by the cost of components, parts or materials which have been or are still to be imported (whether by the supplier or his subcontractors) and which costs are inclusive of the costs abroad, plus freight and other direct importation costs such as landing costs, dock dues, import duty, sales duty or other similar tax or duty at the South African place of entry as well as transportation and handling charges to the factory in the Republic where the supplies covered by the bid will be manufactured.
- 1.17 “Local content” means that portion of the bidding price which is not included in the imported content provided that local manufacture does take place.
- 1.18 “Manufacture” means the production of products in a factory using labour, materials, components and machinery and includes other related value-adding activities.
- 1.19 “Order” means an official written order issued for the supply of goods or works or the rendering of a service.
- 1.20 “Project site,” where applicable, means the place indicated in bidding documents.
- 1.21 “Purchaser” means the organization purchasing the goods.
- 1.22 “Republic” means the Republic of South Africa.
- 1.23 “SCC” means the Special Conditions of Contract.
- 1.24 “Services” means those functional services ancillary to the supply of the goods, such as transportation and any other incidental services, such as installation, commissioning, provision of technical assistance, training, catering, gardening, security, maintenance and other such obligations of the supplier covered under the contract.
- 1.25 “Written” or “in writing” means handwritten in ink or any form of electronic or mechanical writing.

| 2. Application | <p>2.1 These general conditions are applicable to all bids, contracts and orders including bids for functional and professional services, sales, hiring, letting and the granting or acquiring of rights, but excluding immovable property, unless otherwise indicated in the bidding documents.</p> <p>2.2 Where applicable, special conditions of contract are also laid down to cover specific supplies, services or works.</p> <p>2.3 Where such special conditions of contract are in conflict with these general conditions, the special conditions shall apply.</p> |
| 3. General | <p>3.1 Unless otherwise indicated in the bidding documents, the purchaser shall not be liable for any expense incurred in the preparation and submission of a bid. Where applicable a non-refundable fee for documents may be charged.</p> <p>3.2 With certain exceptions, invitations to bid are only published in the Government Tender Bulletin. The Government Tender Bulletin may be obtained directly from the Government Printer, Private Bag X85, Pretoria 0001, or accessed electronically from www.treasury.gov.za</p> |
| 4. Standards | <p>4.1 The goods supplied shall conform to the standards mentioned in the bidding documents and specifications.</p> |
| 5. Use of contract documents and information; inspection. | <p>5.1 The supplier shall not, without the purchaser's prior written consent, disclose the contract, or any provision thereof, or any specification, plan, drawing, pattern, sample, or information furnished by or on behalf of the purchaser in connection therewith, to any person other than a person employed by the supplier in the performance of the contract. Disclosure to any such employed person shall be made in confidence and shall extend only so far as may be necessary for purposes of such performance.</p> <p>5.2 The supplier shall not, without the purchaser's prior written consent, make use of any document or information mentioned in GCC clause 5.1 except for purposes of performing the contract.</p> <p>5.3 Any document, other than the contract itself mentioned in GCC clause 5.1 shall remain the property of the purchaser and shall be returned (all copies) to the purchaser on completion of the supplier's performance under the contract if so required by the purchaser.</p> <p>5.4 The supplier shall permit the purchaser to inspect the supplier's records relating to the performance of the supplier and to have them audited by auditors appointed by the purchaser, if so required by the purchaser.</p> |
| 6. Patent rights | <p>6.1 The supplier shall indemnify the purchaser against all third-party claims of infringement of patent, trademark, or industrial design rights arising from use of the goods or any part thereof by the purchaser.</p> |
| 7. Performance security | <p>7.1 Within thirty (30) days of receipt of the notification of contract award, the successful bidder shall furnish to the purchaser the performance security of the amount specified in SCC.</p> |

- 7.2 The proceeds of the performance security shall be payable to the purchaser as compensation for any loss resulting from the supplier's failure to complete his obligations under the contract.
- 7.3 The performance security shall be denominated in the currency of the contract, or in a freely convertible currency acceptable to the purchaser and shall be in one of the following forms:
 - (a) a bank guarantee or an irrevocable letter of credit issued by a reputable bank located in the purchaser's country or abroad, acceptable to the purchaser, in the form provided in the bidding documents or another form acceptable to the purchaser; or
 - (b) a cashier's or certified cheque
- 7.4 The performance security will be discharged by the purchaser and returned to the supplier not later than thirty (30) days following the date of completion of the supplier's performance obligations under the contract, including any warranty obligations, unless otherwise specified in SCC.

**8. Inspections,
tests and
analyses**

- 8.1 All pre-bidding testing will be for the account of the bidder.
- 8.2 If it is a bid condition that supplies to be produced or services to be rendered should at any stage during production or execution or on completion be subject to inspection, the premises of the bidder or contractor shall be open, at all reasonable hours, for inspection by a representative of the Department or an organization acting on behalf of the Department.
- 8.3 If there are no inspection requirements indicated in the bidding documents and no mention is made in the contract, but during the contract period it is decided that inspections shall be carried out, the purchaser shall itself make the necessary arrangements, including payment arrangements with the testing authority concerned.
- 8.4 If the inspections, tests and analyses referred to in clauses 8.2 and 8.3 show the supplies to be in accordance with the contract requirements, the cost of the inspections, tests and analyses shall be defrayed by the purchaser.
- 8.5 Where the supplies or services referred to in clauses 8.2 and 8.3 do not comply with the contract requirements, irrespective of whether such supplies or services are accepted or not, the cost in connection with these inspections, tests or analyses shall be defrayed by the supplier.
- 8.6 Supplies and services which are referred to in clauses 8.2 and 8.3 and which do not comply with the contract requirements may be rejected.
- 8.7 Any contract supplies may on or after delivery be inspected, tested or analyzed and may be rejected if found not to comply with the requirements of the contract. Such rejected supplies shall be held at the cost and risk of the supplier who shall, when called upon, remove them immediately at his own cost and forthwith substitute them with

supplies which do comply with the requirements of the contract. Failing such removal the rejected supplies shall be returned at the suppliers cost and risk. Should the supplier fail to provide the substitute supplies forthwith, the purchaser may, without giving the supplier further opportunity to substitute the rejected supplies, purchase such supplies as may be necessary at the expense of the supplier.

- 8.8 The provisions of clauses 8.4 to 8.7 shall not prejudice the right of the purchaser to cancel the contract on account of a breach of the conditions thereof, or to act in terms of Clause 23 of GCC.

9. Packing

- 9.1 The supplier shall provide such packing of the goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in the contract. The packing shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packing, case size and weights shall take into consideration, where appropriate, the remoteness of the goods' final destination and the absence of heavy handling facilities at all points in transit.
- 9.2 The packing, marking, and documentation within and outside the packages shall comply strictly with such special requirements as shall be expressly provided for in the contract, including additional requirements, if any, specified in SCC, and in any subsequent instructions ordered by the purchaser.

10. Delivery and documents

- 10.1 Delivery of the goods shall be made by the supplier in accordance with the terms specified in the contract. The details of shipping and/or other documents to be furnished by the supplier are specified in SCC.
- 10.2 Documents to be submitted by the supplier are specified in SCC.

11. Insurance

- 11.1 The goods supplied under the contract shall be fully insured in a freely convertible currency against loss or damage incidental to manufacture or acquisition, transportation, storage and delivery in the manner specified in the SCC.

12. Transportation

- 12.1 Should a price other than an all-inclusive delivered price be required, this shall be specified in the SCC.

13. Incidental services

- 13.1 The supplier may be required to provide any or all of the following services, including additional services, if any, specified in SCC:
- (a) performance or supervision of on-site assembly and/or commissioning of the supplied goods;
 - (b) furnishing of tools required for assembly and/or maintenance of the supplied goods;
 - (c) furnishing of a detailed operations and maintenance manual for each appropriate unit of the supplied goods;
 - (d) performance or supervision or maintenance and/or repair of the supplied goods, for a period of time agreed by the parties, provided that this service shall not relieve the supplier of any warranty obligations under this contract; and

- (e) training of the purchaser's personnel, at the supplier's plant and/or on-site, in assembly, start-up, operation, maintenance, and/or repair of the supplied goods.

13.2 Prices charged by the supplier for incidental services, if not included in the contract price for the goods, shall be agreed upon in advance by the parties and shall not exceed the prevailing rates charged to other parties by the supplier for similar services.

14. Spare parts

14.1 As specified in SCC, the supplier may be required to provide any or all of the following materials, notifications, and information pertaining to spare parts manufactured or distributed by the supplier:

- (a) such spare parts as the purchaser may elect to purchase from the supplier, provided that this election shall not relieve the supplier of any warranty obligations under the contract; and
- (b) in the event of termination of production of the spare parts:
 - (i) Advance notification to the purchaser of the pending termination, in sufficient time to permit the purchaser to procure needed requirements; and
 - (ii) following such termination, furnishing at no cost to the purchaser, the blueprints, drawings, and specifications of the spare parts, if requested.

15. Warranty

15.1 The supplier warrants that the goods supplied under the contract are new, unused, of the most recent or current models, and that they incorporate all recent improvements in design and materials unless provided otherwise in the contract. The supplier further warrants that all goods supplied under this contract shall have no defect, arising from design, materials, or workmanship (except when the design and/or material is required by the purchaser's specifications) or from any act or omission of the supplier, that may develop under normal use of the supplied goods in the conditions prevailing in the country of final destination.

15.2 This warranty shall remain valid for twelve (12) months after the goods, or any portion thereof as the case may be, have been delivered to and accepted at the final destination indicated in the contract, or for eighteen (18) months after the date of shipment from the port or place of loading in the source country, whichever period concludes earlier, unless specified otherwise in SCC.

15.3 The purchaser shall promptly notify the supplier in writing of any claims arising under this warranty.

15.4 Upon receipt of such notice, the supplier shall, within the period specified in SCC and with all reasonable speed, repair or replace the defective goods or parts thereof, without costs to the purchaser.

15.5 If the supplier, having been notified, fails to remedy the defect(s) within the period specified in SCC, the purchaser may proceed to take such remedial action as may be necessary, at the supplier's risk and expense and without prejudice to any other rights which the purchaser may have against the supplier under the contract.

- 16. Payment**
- 16.1 The method and conditions of payment to be made to the supplier under this contract shall be specified in SCC.
- 16.2 The supplier shall furnish the purchaser with an invoice accompanied by a copy of the delivery note and upon fulfillment of other obligations stipulated in the contract.
- 16.3 Payments shall be made promptly by the purchaser, but in no case later than thirty (30) days after submission of an invoice or claim by the supplier.
- 16.4 Payment will be made in Rand unless otherwise stipulated in SCC.
- 17. Prices**
- 17.1 Prices charged by the supplier for goods delivered and services performed under the contract shall not vary from the prices quoted by the supplier in his bid, with the exception of any price adjustments authorized in SCC or in the purchaser's request for bid validity extension, as the case may be.
- 18. Contract amendments**
- 18.1 No variation in or modification of the terms of the contract shall be made except by written amendment signed by the parties concerned.
- 19. Assignment**
- 19.1 The supplier shall not assign, in whole or in part, its obligations to perform under the contract, except with the purchaser's prior written consent.
- 20. Subcontracts**
- 20.1 The supplier shall notify the purchaser in writing of all subcontracts awarded under this contracts if not already specified in the bid. Such notification, in the original bid or later, shall not relieve the supplier from any liability or obligation under the contract.
- 21. Delays in the supplier's performance**
- 21.1 Delivery of the goods and performance of services shall be made by the supplier in accordance with the time schedule prescribed by the purchaser in the contract.
- 21.2 If at any time during performance of the contract, the supplier or its subcontractor(s) should encounter conditions impeding timely delivery of the goods and performance of services, the supplier shall promptly notify the purchaser in writing of the fact of the delay, its likely duration and its cause(s). As soon as practicable after receipt of the supplier's notice, the purchaser shall evaluate the situation and may at his discretion extend the supplier's time for performance, with or without the imposition of penalties, in which case the extension shall be ratified by the parties by amendment of contract.
- 21.3 No provision in a contract shall be deemed to prohibit the obtaining of supplies or services from a national department, provincial department, or a local authority.
- 21.4 The right is reserved to procure outside of the contract small quantities or to have minor essential services executed if an emergency arises, the supplier's point of supply is not situated at or near the place where the supplies are required, or the supplier's services are not readily available.

21.5 Except as provided under GCC Clause 25, a delay by the supplier in the performance of its delivery obligations shall render the supplier liable to the imposition of penalties, pursuant to GCC Clause 22, unless an extension of time is agreed upon pursuant to GCC Clause 21.2 without the application of penalties.

21.6 Upon any delay beyond the delivery period in the case of a supplies contract, the purchaser shall, without canceling the contract, be entitled to purchase supplies of a similar quality and up to the same quantity in substitution of the goods not supplied in conformity with the contract and to return any goods delivered later at the supplier's expense and risk, or to cancel the contract and buy such goods as may be required to complete the contract and without prejudice to his other rights, be entitled to claim damages from the supplier.

22. Penalties

22.1 Subject to GCC Clause 25, if the supplier fails to deliver any or all of the goods or to perform the services within the period(s) specified in the contract, the purchaser shall, without prejudice to its other remedies under the contract, deduct from the contract price, as a penalty, a sum calculated on the delivered price of the delayed goods or unperformed services using the current prime interest rate calculated for each day of the delay until actual delivery or performance. The purchaser may also consider termination of the contract pursuant to GCC Clause 23.

23. Termination for default

23.1 The purchaser, without prejudice to any other remedy for breach of contract, by written notice of default sent to the supplier, may terminate this contract in whole or in part:

- (a) if the supplier fails to deliver any or all of the goods within the period(s) specified in the contract, or within any extension thereof granted by the purchaser pursuant to GCC Clause 21.2;
- (b) if the Supplier fails to perform any other obligation(s) under the contract; or
- (c) if the supplier, in the judgment of the purchaser, has engaged in corrupt or fraudulent practices in competing for or in executing the contract.

23.2 In the event the purchaser terminates the contract in whole or in part, the purchaser may procure, upon such terms and in such manner as it deems appropriate, goods, works or services similar to those undelivered, and the supplier shall be liable to the purchaser for any excess costs for such similar goods, works or services. However, the supplier shall continue performance of the contract to the extent not terminated.

23.3 Where the purchaser terminates the contract in whole or in part, the purchaser may decide to impose a restriction penalty on the supplier by prohibiting such supplier from doing business with the public sector for a period not exceeding 10 years.

23.4 If a purchaser intends imposing a restriction on a supplier or any person associated with the supplier, the supplier will be allowed a time period of not more than fourteen (14) days to provide reasons why the envisaged restriction should not be imposed. Should the supplier fail to respond within the stipulated fourteen (14) days the purchaser may regard

the intended penalty as not objected against and may impose it on the supplier.

23.5 Any restriction imposed on any person by the Accounting Officer / Authority will, at the discretion of the Accounting Officer / Authority, also be applicable to any other enterprise or any partner, manager, director or other person who wholly or partly exercises or exercised or may exercise control over the enterprise of the first-mentioned person, and with which enterprise or person the first-mentioned person, is or was in the opinion of the Accounting Officer / Authority actively associated.

23.6 If a restriction is imposed, the purchaser must, within five (5) working days of such imposition, furnish the National Treasury, with the following information:

- (i) the name and address of the supplier and / or person restricted by the purchaser;
- (ii) the date of commencement of the restriction
- (iii) the period of restriction; and
- (iv) the reasons for the restriction.

These details will be loaded in the National Treasury's central database of suppliers or persons prohibited from doing business with the public sector.

23.7 If a court of law convicts a person of an offence as contemplated in sections 12 or 13 of the Prevention and Combating of Corrupt Activities Act, No. 12 of 2004, the court may also rule that such person's name be endorsed on the Register for Tender Defaulters. When a person's name has been endorsed on the Register, the person will be prohibited from doing business with the public sector for a period not less than five years and not more than 10 years. The National Treasury is empowered to determine the period of restriction and each case will be dealt with on its own merits. According to section 32 of the Act the Register must be open to the public. The Register can be perused on the National Treasury website.

24. Anti-dumping and countervailing duties and rights

24.1 When, after the date of bid, provisional payments are required, or anti-dumping or countervailing duties are imposed, or the amount of a provisional payment or anti-dumping or countervailing right is increased in respect of any dumped or subsidized import, the State is not liable for any amount so required or imposed, or for the amount of any such increase. When, after the said date, such a provisional payment is no longer required or any such anti-dumping or countervailing right is abolished, or where the amount of such provisional payment or any such right is reduced, any such favourable difference shall on demand be paid forthwith by the contractor to the State or the State may deduct such amounts from moneys (if any) which may otherwise be due to the contractor in regard to supplies or services which he delivered or rendered, or is to deliver or render in terms of the contract or any other contract or any other amount which may be due to him

25. Force Majeure

25.1 Notwithstanding the provisions of GCC Clauses 22 and 23, the supplier shall not be liable for forfeiture of its performance security, damages, or termination for default if and to the extent that his delay in performance or other failure to perform his obligations under the contract is the result of an event of force majeure.

25.2 If a force majeure situation arises, the supplier shall promptly notify the purchaser in writing of such condition and the cause thereof. Unless otherwise directed by the purchaser in writing, the supplier shall continue to perform its obligations under the contract as far as is reasonably practical, and shall seek all reasonable alternative means for performance not prevented by the force majeure event.

26. Termination for insolvency

26.1 The purchaser may at any time terminate the contract by giving written notice to the supplier if the supplier becomes bankrupt or otherwise insolvent. In this event, termination will be without compensation to the supplier, provided that such termination will not prejudice or affect any right of action or remedy which has accrued or will accrue thereafter to the purchaser.

27. Settlement of Disputes

27.1 If any dispute or difference of any kind whatsoever arises between the purchaser and the supplier in connection with or arising out of the contract, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation.

27.2 If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either the purchaser or the supplier may give notice to the other party of his intention to commence with mediation. No mediation in respect of this matter may be commenced unless such notice is given to the other party.

27.3 Should it not be possible to settle a dispute by means of mediation, it may be settled in a South African court of law.

27.4 Mediation proceedings shall be conducted in accordance with the rules of procedure specified in the SCC.

27.5 Notwithstanding any reference to mediation and/or court proceedings herein,

- (a) the parties shall continue to perform their respective obligations under the contract unless they otherwise agree; and
- (b) the purchaser shall pay the supplier any monies due the supplier.

28. Limitation of liability

28.1 Except in cases of criminal negligence or willful misconduct, and in the case of infringement pursuant to Clause 6;

- (a) the supplier shall not be liable to the purchaser, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, provided that this exclusion shall not apply to any obligation of the supplier to pay penalties and/or damages to the purchaser; and

- (b) the aggregate liability of the supplier to the purchaser, whether under the contract, in tort or otherwise, shall not exceed the total contract price, provided that this limitation shall not apply to the cost of repairing or replacing defective equipment.
- 29. Governing language** 29.1 The contract shall be written in English. All correspondence and other documents pertaining to the contract that is exchanged by the parties shall also be written in English.
- 30. Applicable law** 30.1 The contract shall be interpreted in accordance with South African laws, unless otherwise specified in SCC.
- 31. Notices** 31.1 Every written acceptance of a bid shall be posted to the supplier concerned by registered or certified mail and any other notice to him shall be posted by ordinary mail to the address furnished in his bid or to the address notified later by him in writing and such posting shall be deemed to be proper service of such notice
- 31.2 The time mentioned in the contract documents for performing any act after such aforesaid notice has been given, shall be reckoned from the date of posting of such notice.
- 32. Taxes and duties** 32.1 A foreign supplier shall be entirely responsible for all taxes, stamp duties, license fees, and other such levies imposed outside the purchaser's country.
- 32.2 A local supplier shall be entirely responsible for all taxes, duties, license fees, etc., incurred until delivery of the contracted goods to the purchaser.
- 32.3 No contract shall be concluded with any bidder whose tax matters are not in order. Prior to the award of a bid the Department must be in possession of a tax clearance certificate, submitted by the bidder. This certificate must be an original issued by the South African Revenue Services.

**PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL
PROCUREMENT REGULATIONS 2022**

This preference form must form part of all tenders invited. It contains general information and serves as a claim form for preference points for specific goals.

NB: BEFORE COMPLETING THIS FORM, TENDERERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF THE TENDER AND PREFERENTIAL PROCUREMENT REGULATIONS, 2022

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to invitations to tender:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2 To be completed by the organ of state

(delete whichever is not applicable for this tender).

- a) The applicable preference point system for this tender is the **80/20** preference point system.

1.3 Points for this tender (even in the case of a tender for income-generating contracts) shall be awarded for:

- (a) Price; and
(b) Specific Goals.

1.4 To be completed by the organ of state:

The maximum points for this tender are allocated as follows:

	POINTS
PRICE	80
Specific Goals	20
Total points for Price and Specific Goals	100

- 1.5 Failure on the part of a tenderer to submit proof or documentation required in terms of this tender to claim points for specific goals with the tender, will be interpreted to mean that preference points for specific goals are not claimed.
- 1.6 The organ of state reserves the right to require of a tenderer, either before a tender is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the organ of state.

2. DEFINITIONS

- (a) **“tender”** means a written offer in the form determined by an organ of state in response to an invitation to provide goods or services through price quotations, competitive tendering process or any other method envisaged in legislation;
- (b) **“price”** means an amount of money tendered for goods or services, and includes all applicable taxes less all unconditional discounts;
- (c) **“rand value”** means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;
- (d) **“tender for income-generating contracts”** means a written offer in the form determined by an organ of state in response to an invitation for the origination of income-generating contracts through any method envisaged in legislation that will result in a legal agreement between the organ of state and a third party that produces revenue for the organ of state, and includes, but is not limited to, leasing and disposal of assets and concession contracts, excluding direct sales and disposal of assets through public auctions; and
- (e) **“the Act”** means the Preferential Procurement Policy Framework Act, 2000 (Act No. 5 of 2000).

3. FORMULAE FOR PROCUREMENT OF GOODS AND SERVICES

3.1. POINTS AWARDED FOR PRICE

3.1.1 THE 80/20 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

80/20

$$Ps = 80 \left(1 - \frac{Pt - P_{min}}{P_{min}} \right)$$

Where

Ps = Points scored for price of tender under consideration

Pt = Price of tender under consideration

Pmin = Price of lowest acceptable tender

3.2. FORMULAE FOR DISPOSAL OR LEASING OF STATE ASSETS AND INCOME

GENERATING PROCUREMENT

3.2.1. POINTS AWARDED FOR PRICE

A maximum of 80 or 90 points is allocated for price on the following basis:

$$\begin{array}{ccc}
 \mathbf{80/20} & \mathbf{or} & \mathbf{90/10} \\
 \\
 \mathbf{Ps = 80 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)} & \mathbf{or} & \mathbf{Ps = 90 \left(1 + \frac{Pt - P_{max}}{P_{max}} \right)}
 \end{array}$$

Where

- Ps = Points scored for price of tender under consideration
 Pt = Price of tender under consideration
 Pmax = Price of highest acceptable tender

4. POINTS AWARDED FOR SPECIFIC GOALS

- 4.1. In terms of Regulation 4(2); 5(2); 6(2) and 7(2) of the Preferential Procurement Regulations, preference points must be awarded for specific goals stated in the tender. For the purposes of this tender the tenderer will be allocated points based on the goals stated in table 1 below as may be supported by proof/ documentation stated in the conditions of this tender:
- 4.2. In cases where organs of state intend to use Regulation 3(2) of the Regulations, which states that, if it is unclear whether the 80/20 or 90/10 preference point system applies, an organ of state must, in the tender documents, stipulate in the case of—
- (a) an invitation for tender for income-generating contracts, that either the 80/20 or 90/10 preference point system will apply and that the highest acceptable tender will be used to determine the applicable preference point system; or
 - (b) any other invitation for tender, that either the 80/20 or 90/10 preference point system will apply and that the lowest acceptable tender will be used to determine the applicable preference point system,
- then the organ of state must indicate the points allocated for specific goals for both the 90/10 and 80/20 preference point system.

Table 1: Specific goals for the tender and points claimed are indicated per the table below.

(Note to organs of state: Where either the 90/10 or 80/20 preference point system is applicable, corresponding points must also be indicated as such.)

The specific goals allocated points in terms of this tender	Number of points allocated (80/20 system) (To be completed by the organ of state)	Number of points claimed (80/20 system) (To be completed by the tenderer)

1. INTRODUCTION

The Housing Development Agency (HDA) is a national public development agency that promotes sustainable communities by making well-located and properly planned land available for the development of sustainable human settlements. As its primary activity, the HDA assembles state, private and communal land and releases it for development. In addition, the HDA provides project delivery support to state organs at the Local, Provincial and National levels. The organisation focuses on upgrading Informal settlements and providing project management services.

In the North West Province, the HDA has signed an implementation protocol with the Department of Local Government and Human Settlements. One of the objectives of the Medium-Term Operational Plan is to support the department with human settlements planning. Furthermore, the HDA is required to undertake any approval processes for housing development and prepare the necessary documentation for consideration and approval by relevant authorities.

The HDA has a working relationship with Madibeng Local Municipality (Madibeng LM) and the North West Department of Human Settlements (NWDHS) to facilitate the rezoning of various land parcels acquired on behalf of the municipality in the Letlhabile Area. The Agency is further mandated to prepare necessary documentation for consideration and approval by the relevant authorities, monitor progress of the development of land and landed properties acquired for the purposes of creating integrated and sustainable human settlements. As part of its processes, the HDA intends to utilize the services of a qualified and experienced Professional Resource Team (PRT) to undertake **technical studies on A PORTION OF PORTION 1066 OF THE FARM HARTEBEEPOORT C419 JQ, measuring 19.8 hectares in extent**, within the jurisdiction of Madibeng Local Municipality.

2. BACKGROUND INFORMATION

In 2019, the HDA assisted the Madibeng Local Municipality with the acquisition of the subject properties question for the purpose of Human Settlement development. As part of its legislative mandate, Section 7 of the Housing Development Agency Act, (Act 23 of 2008) requires the Housing Development Agency (HDA) to, amongst others, undertake any processes relating to approvals required for housing development.

The HDA is mandated and intends to undertake **Technical studies** on **A PORTION OF PORTION 1066 OF THE FARM HARTEBEEESPOORT C419 JQ**, in preparation of undertaking township establishment processes for an integrated and sustainable human settlement development to accommodate people living in and around the Letlhabile area.

The technical studies of the subject land parcel within the Letlhabile Area aims to ensure that all assessments are met and adhered to before the township establishment application for an integrated mixed-use development is submitted in addressing:

- The area requires an urgent housing need in the Letlhabile area.
- Area requiring the provision of different housing typologies, including subsidized housing and;
- Area requiring access to infrastructure, amenities and services
- Areas that support the integration of different land uses and economic development.

FIGURE 1: A PORTION OF PORTION 1066 OF THE FARM HARTEBEEPOORT C419 JQ, MEASURING 19.8 HECTARES IN EXTENT.

3. OBJECTIVE OF THE PROPOSED PROJECT

The objective of this project is for the appointed Professional Resource Team (PRT) to:

3.1. To undertake **various technical studies** on **A PORTION OF PORTION 1066 OF THE FARM HARTEBEEPOORT C419 JQ, measuring 19.8 hectares in extent**, to ensure that all assessments are met and adhered to before the submission of township establishment application to establish an integrated and sustainable human settlement development.

In accordance with the appropriate professional practice standards and procedures, and the contracted scope of work, the successful professional service provider(s) shall submit and give both oral and written presentations on the following outputs and deliverables:

The potential bidders/service providers are expected to develop project proposals that clearly outline the following:

- Project management and coordination mechanism(s)
- Clear approach and methodology with associated timelines
- Information and data sources that will be utilised
- Main project phases and deliverables linked to timeframes and budget
- The proposed project team and their proposed roles in the project
- Experience of the key staff in relation to the scope of work
- Company experience with respect to aspects of the project

The scope of work for the assignment consists of the following outputs:

- **Various technical studies and,**
- **Environmental Authorization (EA)/ Record of Decision (RoD)**
- Compliment the capacities of both the provincial and local spheres of government in terms of the implementation and programming of the Land Assembly/Acquisition, Development Planning, National Priority Programmes (i.e., Priority Housing Development Areas, Catalytic, Distressed Mining Town, Informal Settlements Upgrading and Infrastructure projects.
- Document the activities and services of the Housing Development Agency in the North West Provincial Department of Human Settlements for the period of 2021/22 – 2025/26 in line with the then signed MTOP.
- To authorize the Agency to provide Programme Management services for the implementation of National Priority projects such as Distressed Mining Towns Programmes, National Upgrading of informal settlements programme and Priority Housing Development Areas (PDAs).

- Provide a full account of the services and value add that will be delivered by the HDA in support of the Provincial Department of Human Settlements – thus allowing for specific measurable performance to the anticipated.
- To Monitor and evaluate the development of spatially just, efficient, equitable, sustainable neighborhoods that contributes to the transformation of human settlements.
- The success of the project/programme ensures sound intergovernmental and stakeholder relations between the HDA and all its stakeholders.
- The project/programme contributes towards Integrated and coordinated spatial planning and for the delivery of inclusive sustainable human settlements within the larger North West Province.

I. The funding for this project is incorporated in the MTOP.

a. CURRENT MECHANISMS IN PLACE TO ADDRESS THE PROBLEM

The objective mechanisms are to undertake various Technical studies on A Portion of Portion 1066 of the Farm Hartebeespoort C 419 JQ to ensure all assessments are met and adhered to before the submission of township establishment application to establish an integrated and sustainable human settlement development (BNG, bonded housing/FHF, social amenities, etc) of ±640 sites in the Letlhabile area within the jurisdiction of Madibeng Local municipality in the North West Province.

4. SCOPE OF WORK AND AREAS OF FOCUS

To undertake a **Technical Studies on A PORTION OF PORTION 1066 OF THE FARM HARTEBEEESPOORT C419 JQ, measuring 19.8 hectares in extent** and ensure environmental and technical conditions are met and adhered to before the submission of township establishment application to establish an integrated and sustainable human settlement development.

NB: It should be noted that the reports should be prepared to the standard required the Municipality or relevant Department. As such, consultation should be obtained from the relevant institutions such as the municipal, DEDECT and other stakeholders, etc.

1. PROJECT DEFINITION

1.1. Technical Studies on **A PORTION OF PORTION 1066 OF THE FARM HARTEBESPOORT C419 JQ, measuring 19.8 hectares in extent.**

#	PROPERTY DESCRIPTION	EXTENT (ha)	LAND USE
1	A PORTION OF PORTION 1066 OF THE FARM HARTEBESPOORT C419 JQ	19.8	• Vacant
TOTAL EXTENT		19.8 hectares	

1.2. Proposed number of planned ± 640 sites comprised of mixed typologies, Fully Subsidised units (BNG), First Home Finance Subsidy (FHFS) & social amenities.

2. PURPOSE

The overall purpose of the project is as follows:

- Obtain various Technical studies for the submission of Township Establishment application at council to establish an integrated and sustainable human settlement development (BNG, bonded housing/FHF, social amenities, etc) of ± 640 sites.
- Obtain environment authorisation/RoD.

3. LAND SURVEY AND CONVEYANCER

The land surveyor and the conveyancer will be responsible for undertaking the following deliverables:

- Undertake the appointment of the community liaison officer and other resources (if required) and stakeholder engagements
- Up-to-date Aerial Photograph (Drone survey)
- Detail plan of all existing structures (electrical lines, telephone lines on site, rail lines, formal and informal roads and all related physical structures of significance)
- Prepare contour drawings of the site
- Cadastral boundaries and 1m Contour Plan or other measurements as required by the relevant institutions
- Land assembly components/cadastral data for the confirmation of land ownership and total property extents and any other rights
- Servitudes survey (telecommunication, stormwater, sewer and or any servitudes affecting the property)
- Cancellation of existing registered servitudes;
- Carrying over existing registered servitudes;
- Registration of new servitudes etc.
- Undertake the appointment of the community liaison officer and other resources (if required), dispute resolution and stakeholder engagements.

- l. Determine all other rights registered against the proposal of constructing ± 800 (where necessary).
- m. Project and plot the Final Layout Plan on geo-referenced aerial photo and cadastral.
- n. Prepare conveyancer certificate detailing all components required to be addressed prior to the proclamation of the rezoning.
- o. Prepare land surveyor certificate outlining all uncovered servitudes (registered/not registered) and the corresponding components in line with the conveyancer certificate.
- p. Settling of the conditions of establishment to include necessary information required for the successful proclamation of the township
- q. Undertake all the necessary applications that enable the successful proclamation of the township.

Output

- Overall topographical and land detail plan in PDF and DXF/DWG format
- Land survey certificate
- Detailed Conveyancer certificate
- Georeferenced Layout Plan in DXF/DWG format
- Lost Title Replacement (if required)
- Conditions of Establishment
- Lost SG Diagram Replacement (if required)

4. ENVIRONMENTAL IMPACT ASSESSMENT

The environmentalist will be responsible to undertake the following deliverables:

- a. Undertake the appointment of the community liaison officer and other resources (if required) and stakeholder engagements.
- b. Investigate and provide recommendations for any potential environmental impact and flaws on site
- c. Investigate and provide recommendations for any potential fatal flaws that may have impact on the developability of the site
- d. Investigate and provide recommendations for any potential significant environmental impact that can be avoidable
- e. Secure and ensure community support for all EIA phases of the project
- f. Investigate and provide recommendations for any potential impact which may be mitigatable
- g. Investigate, provide recommendations and mitigate any environmental impact that exceeds defined limits of acceptable change which may lead to the project being rejected
- h. Undertake any other studies including and not limited to **(if required)**:
 - i. Heritage Impact Assessment (i.e. Local, Provincial and National)
 - ii. Biodiversity study
 - iii. Soil fertility status
 - iv. Palaeontology Investigation
 - v. Agricultural potential, and
 - vi. Flora and Fauna study etc.,

- i. Undertake any further investigations and studies **required for the approval of the EIA** from DEDECT, SAHRIS and other relevant institutions for the successful completion of the project
- j. Facilitate and participate in the public participation process as prescribed by the relevant legislations and secure community collaboration for all planning project phases
- k. Undertake payment of applicable fees to Department of Economic Development, Environment, Conservation, and Tourism (DEDECT) and any other relevant institutions
- l. Be responsible for the resources requires for the successful completion of the project (labourers (if required), application fees, any equipment's etc.).

Outputs:

- EIA scoping report
- Other required studies conducted (i.e., Heritage Impact Assessment, Palaeontology Investigation, Fauna and Flora study etc.)
- Full EIA Report
- Environmental Authorisation/ ROD
- Consent/ Approval from SAHRIS (if required)

5. GEO-TECHNICAL REPORT

The engineer will be responsible to undertake the following deliverables:

- a. **Undertake the appointment of the community liaison officer and other resources (if required) and stakeholder engagements**
- b. Trial pitting and profiling
- c. Soil testing
- d. Site geology and stratigraphy.
- e. Soil and rock classification.
- f. Identification of geotechnical problems, provision of recommendations and mitigations measures for human settlement development
 - i. CBR Tests (Bearing capacities) where roads are specified or where applicable
 - ii. Foundation indicator tests,
 - iii. Road indicator tests (where roads are specified)
 - iv. Permeability tests - where applicable
 - v. Earthworks and terrain construction recommendations
 - vi. Excavatability of material on site as per SANS1120 specifications
 - vii. Establish the sources available to obtain the G6/G7 material for fill
 - viii. Ph and conductivity tests - where applicable
 - ix. Collapse potential testing - where applicable
 - x. DCP Testing - where applicable
 - xi. Topographical and geomorphologic interpretation.
- g. Any studies or further investigations required for the approval of the Geo Technical report for the successful completion of the project.
- h. Structural design requirements of the fill
 - i. Recommended foundation solutions for human settlements development
 - j. Seismic assessment and classification of the site needs to be part of the report
 - k. Undertake any studies or further investigations required for the approval of the Geo Technical report for the successful completion of the project.

Comprehensive investigation report which:

- l. Provides the development type description and defines the extent and boundaries of proposed development;
- m. Establishes the geological changes over the site;
- n. Bearing capacity of in-situ soils and import material to be used
- o. Settlement of in-situ soils
- p. Heave of in-situ soils
- q. Earthworks and terrace construction recommendations
- r. Establishes the nature of the shallow ground water fluctuations levels from geo-hydrological data and test pit interpretation;
- s. Describes and interprets the local geology by Site Classification Unit;
- t. Provides appropriate land use proposals by Site Classification Unit in accordance with guidelines in the SANS and SAICE Code of Practice (and NHBRC requirements where applicable);
- u. Excavatability of material on site as per SANS1200 specifications
- v. Establish the sources available to obtain the G6/G7 material for fill
- w. Comment on cost estimates for construction of final design
- x. Provides site zonation in accordance with guidelines in the SANS and SAICE Code of Practice (and NHBRC requirements where applicable);
- y. Contains recommendations for geotechnical and structural solutions
- z. presents appropriate stormwater precautionary measures;
- aa. Recommended foundation solutions
- bb. Corrosivity and aggressiveness of the soils as well as corrosion protection of buried structures
- cc. Ground resistivity
- dd. Seismic assessment and classification of the site
- ee. Identifies precautionary measures in addition to the mandatory measures contained in the SANS and SAICE Code of Practice (and NHBRC requirements where applicable); and
- ff. Outlines appropriate site recommendations.
- gg. Undertake any studies or further investigations required for the approval of the Geo Technical report for the successful completion of the project.
- hh. Facilitate and participate public participation process as prescribed by the relevant legislations and secure community collaboration for the project
- ii. Be responsible for the resources requires for the successful completion of the project (labourers (if required), application fees, any equipment's etc.).

Outputs:

- Geotechnical Reports (Phase 1)
 - i. Formal documentation which will be provided at the conclusion of the investigation will include a report detailing the investigation procedure, findings, interpretations and recommendations. Reports will be provided including all supporting data and lab test results i.e. soil profiles, site layout plan, laboratory test results and any other relevant information. The report will include interpretation of the site conditions which will:

- Map the basic geology and geomorphological features of the site in PDF, DWG and Shape files;
- Provide a Geotechnical Zones plan indicating the location of test pits in PDF, DWG and Shape files;
- Formulate an opinion as to site characterisation and land use of the site in terms of the site soil classification/zonation, using the assessment of the morphology, subsurface profile from ground surface to depth of test pits.

NB: The investigation should present practical recommendations for the proposed sustainable human settlements development. The actual design of foundations, roads, and other geotechnical structures are not part of the scope of work of this investigation.

6. ENGINEERING SERVICES REPORT

The engineer will be responsible to investigate the existing capacity of engineering services infrastructure covering the following elements:

6.1. Existing Bulk Infrastructure Capacity in the area for:

- 6.1.1. Water infrastructure services (Sources and capacity of bulk water; Reservoirs; Water Purification systems, bulk connection points, etc and their distances from the proposed development)
- 6.1.2. Sewer infrastructure services (Sources and capacity of WWTP, waterborne bulk sewer system, bulk connection points etc and their distances from the proposed development)
- 6.1.3. Electrical infrastructure services (substations, provider of electricity, capacity, and their distances from the proposed development etc)
- 6.1.4. Road infrastructure services
- 6.1.5. Storm water infrastructure services (existing stormwater infrastructures, capacity of existing infrastructure to both reduce and accommodate additional stormwater surface runoff etc)

6.2 Proposed Alternative Bulk Infrastructure in the area for:

6.2.1 Water Infrastructure services:

- 6.2.1.1 Alternative **sources of bulk water** reticulation (boreholes, dams, rivers and other water service providers).
- 6.2.1.2 Required bulk water infrastructure to accommodate the proposed development both for long-term and short-term provision
- 6.2.1.3 Bulk network provision for internal reticulation network line
- 6.2.1.4 Alternative water retaining infrastructures (reservoirs, Water Treatment Plant) for the proposed development
- 6.2.1.5 Required capacity to accommodate the proposed development
- 6.2.1.6 High-level costing of the proposed and alternative required bulk water infrastructure.
- 6.2.1.7 Indicate the need for WUL for alternative sources of bulk water and the need thereafter to obtain any required inputs and consents of the relevant authorities for the approval of the township establishment if needed.

6.2.2 Sewer Infrastructure services:

6.2.2.1 **Alternative sources of bulk sewer infrastructure** reticulation (such as WWTP; treatment package plant etc.) for the expected sewage discharge of the proposed development

6.2.2.2 Required bulk sewer infrastructure to accommodate the proposed development both for long-term and short-term provision.

6.2.2.3 Bulk network provision and connection points for internal reticulation network line for the proposed development

6.2.2.4 The required bulk capacity to accommodate the effluent from the proposed development

6.2.2.5 High-level costing of the proposed required bulk sewer infrastructure.

- a. Electrical Infrastructure services
- b. Roads Infrastructure services
- c. Stormwater Infrastructure services
- d. High level costing of the required bulk infrastructure and connections points
- e. High level costing of the Internal reticulation and fully subsided top structure, as per the Housing subsidy code
- f. Identify and recommend Alternative sources discharging stormwater surface runoff. Indication of where the stormwater ponds and the direction of natural water course in relation to the proposed development.
- g. Undertake any studies or further investigations required for the approval of the services report for the successful completion of the project.
- h. Facilitate and participate public participation process as prescribed by the relevant legislations and secure community collaboration for the project
- i. Be responsible for the resources requires for the successful completion of the project (labourers (if required), application fees, any equipment's etc.).
- j. **Undertake the appointment of the community liaison officer and other resources (if required) and stakeholder engagements**

Outputs:

- Detailed Engineering services report with clear recommendations (i.e., capacity confirmation, upgrades required etc.) and projected costings for infrastructures thereof.
- A locality map with both proposed water and sewer infrastructure indication and location on the proposed development
- The maps to also indicate the sketch and high-level drawing of the proposed bulk pipeline route and connection points
- The Engineering reports to be approved/ signed off by the municipality and other relevant institutions

7. TRAFFIC IMPACT STUDY

The engineer will be responsible to undertake the following deliverables:

- a. Investigate the external supply networks, their functionality and capacity
- b. Situational assessment including a detailed implementation plan that responds to all identified challenges
- c. Roads and accessibility to and from the properties
- d. Current and future access demands

- e. Traffic impact assessment and access permit (Leeways, ROW etc, if required)
- f. Traffic investigations including but not limited to road access, traffic counts etc.
- g. Restrictions around the railway siding and attendant servitudes
- h. Any studies or further investigations required for the successful completion of the project
- i. Obtain any required inputs and consents of the relevant authorities for the approval of the township establishment (e.g. SANRAL, Department of Roads)
- j. Review the social and economic trends, issues and dynamics of the broader local community and the study area
- k. Undertake any studies or further investigations required for the approval of the traffic impact report for the successful completion of the project.
- l. Facilitate and participate public participation process as prescribed by the relevant legislations and secure community collaboration for the project
- m. Be responsible for the resources requires for the successful completion of the project (labourers (if required), application fees, any equipment's etc.).

Outputs:

- Traffic Impact study with recommendations of upgrades
- Plans and/or maps in **PDF and DXF/DWG Format**

NB: The HDA shall have the right to input and refuse the proposed studies and reports if, in its opinion, the reports do not conform to standard of relevant legislations and if the proposed report do not meet the requirements of Madibeng Local Municipality and other relevant institutions/stakeholders.

a. DETAILS ON THE PREFERRED SOLUTION

UNDERLYING PRINCIPLES

The objective of this project is for the appointed Professional Resource Team (PRT) to:

3.1. Undertake Technical studies for a period of **18 (eighteen) months on A PORTION OF PORTION 1066 OF THE FARM HARTEBEEESPOORT C419 JQ, measuring 19.8 hectares in extent**, within the jurisdiction of Madibeng Local Municipality, for the development of sustainable human settlements, owing to the following:

- The Letlhabile area being overcrowded invaded with various housing typologies (i.e., brick & mortar houses, informal shack dwellings); therefore, technical studies are required to submit a township establishment application to accommodate beneficiaries in a sustainable and liveable community; and
- The Council wishes to formalise the subject land parcel through the applicable Town Planning approvals, allowing for installation of sites and services to generate

municipal revenue, and the registration of servitudes for services secured through the issuing of Title Deeds to various household beneficiaries.

b. EXTENT AND COVERAGE OF THE PROPOSED PROJECT

The project will take place on:

A Portion of Portion 1066 of the Farm Hartebeespoort C419 JQ, measuring 19.8 hectares in extent, within the jurisdiction of Madibeng Local Municipality.

#	PROPERTY DESCRIPTION	EXTENT (ha)	LAND USE
1	A Portion of Portion 1066 of the Farm Hartebeespoort C419 JQ	19.8	Vacant with dilapidated farmhouse.

5. SPECIFICATION OF THE WORK OR PRODUCTS OR SERVICES REQUIRED

Include pricing schedule that is aligned to scope of work

Kindly note that this is not a product development project but rather a technical studies/investigation and environmental authorisation project as such, we consider only the scope of works and not product specification.

6. EVALUATION METHODOLOGY

6.1. TRANSFORMATION PROCUREMENT

- a. THE HDA may transform its procurement spend by utilising the specific Goals

7.2 EVALUATION PROCESS

Interested bidders for this project shall be evaluated in terms for their administrative responsiveness, substantive responsiveness, technical/functional

(capacity testing) evaluation and preference points. The evaluation committee shall use the following Evaluation Criteria depicted in table 2 below for the selection of the preferred bidder that shall render / deliver the required works, goods and / or services.

EVALUATION PROCESS	
Stage 1	
Compliance	Administrative Responsiveness
	Substantive responsiveness (mandatory)
Stage 2	
Technical/Functional Criteria	Testing of capacity – meet minimum threshold of 70
Stage 3	
Preference Points	
Price	80
Specific Goals	20
TOTAL	100

Table 2 – evaluation process

Stage 1B Basic Compliance

If you do not submit the following basic compliance documents and should an award be made, these basic compliance documents must be made available within seven (7) days, failing which the award will be recalled.

No.	Description of requirement	
a	Completion of the RFQ Document	

B	Specific Goals Requirements	
c.	Joint Venture / Consortium agreement / Trust Deed (where applicable)	
d.	Completion of All Standard Bidding Document (SBD1, SBD 4 and 6)	
e.	CSD supplier registration number for verification checks	

Table 3 – Administrative Compliance

7.2.2 STAGE 2 - Technical / Functionality Requirements

Qualifying bidders shall be evaluated on technicality/functionality after meeting all compliance requirements outlined above. The minimum threshold for the technical/functionality requirements is 70%. Bidders who score below the minimum requirement shall not be considered for further evaluation in stage 3.

Table 4: Technical Evaluation Criteria

Details of the scoring methodology presented above are outlined below:

ITEM	CRITERIA	WEIGHT
1	Work Related Experience	40
2	CVs of team members proposed to do the work	50
3	Approach, Methodology, Work Plan and Process	10
	TOTAL	100

Summary of the technical/functional requirements are presented in the table 4 below.

CRITERIA	SUB-CRITERIA	POINTS
Work Related Experience	In case of a joint Venture, a detailed signed agreements indicating the Lead Company to be attached. Related and traceable work of the lead company with related experience undertaking technical studies for the development of sustainable human settlements, to be assessed as follows: Provide appointment letters and environmental authorization/ RoD not older than 10 years, inline with the scope of work	40

	with clearly stated details of the completed project, as follows: 5 or more projects = 40 points 4-projects = 30 points 3-projects = 25 points 2-projects = 15 points 1-project = 10 points 0-projects = 0 points	
CVs of team members/PRT proposed to do the work	Demonstrable skills, qualifications and capacity, relevant knowledge and experience (post qualification) of the multidisciplinary team of professionals. Expertise of the Key Personnel of the Tendering Entity to be supported by CVs. Copies of relevant qualifications and up to date professional registration must be certified copies with not older than 3 months of the date of submission of the bid. A Professional registered Environmental (SA Council for Natural Science) as follows: (10) Points <u>Degree or Equivalent Qualification in Environmental Sciences/Environmental Management</u> •10 years' experience and above =10 points •5-9 years' experience =5 points •3-4 years' experience =3 points •1-2 years' experience =2 point A Professional registered Land Surveyor (SAGC) as follows: (10) Points <u>Degree or Equivalent Qualification in Land Surveying</u> •10 years' experience and above =10 points •5-9 years' experience =5 points •3-4 years' experience =3 points •1-2 years' experience =2 point A Professional registered Conveyancer (Law Practitioners Council; Law Society) as follows: (10) Points <u>Degree or Equivalent Qualification in Conveyancing Law</u> •10 years' experience and above =10 points	50

The following formula shall be used by the Bid Evaluation Committee to score potential bidders on pricing:

7.2.3 STAGE 3 - PRICING AND SPECIFIC GOALS

$$P_s = 80 \left(1 - \frac{P_t - P_{min}}{P_{min}} \right)$$

Where:

P_s = Points scored for the price of tender under consideration;

P_t = Rand value of the tender under consideration;

P_{min} = Rand value of the lowest acceptable tender.

The minimum qualifying criteria for pricing is 90 or 80 points as per the standard Evaluation Criteria presented in table 2 above.

Specific Goals component of the evaluation process is weighted at 10 or 20 points in table 2 of the standard Evaluation Criteria outlined above. Bidders will be awarded points based on the points claimed for specific goals presented in the SBD 6.1 issued with the tender. Details of the allocation of points by the Evaluation Committee are presented in table 4 above.

The Specific Goals allocated points in terms of this tender	Number of Points	Proof / Documentation required to Claim Points for Specific Goals
<i>Black Women Owned (Maximum points = 5 points)</i>		
75% - 100%	5	CSD or Sworn Affidavit/Copy of a valid BEE Certificate
51% - 74.99 -	3	CSD or Sworn Affidavit/Copy of a valid BEE Certificate
Below 51%	1	CSD or Sworn Affidavit/Copy of a valid BEE Certificate
