During an intensive participatory strategy review and planning process held in July 2020, the HDA re-confirmed its decision to make the strategic shift to playing the role of a public sector property developer to make a meaningful tangible contribution to the human settlement priorities of government. Within this context, ensuing discussions focussed on the niche focus areas, key functions, impact, outcomes and outputs to achieve the HDA's Vision of being "The public sector Developer of Choice providing integrated, sustainable human settlements and security of tenure. The Strategy is underpinned by the following principles:

- HDA must be able to act as the "principal" in developments where it would typically acquire, develop and release land, on its own or in partnership with the private sector, for own profit, which could be reapplied towards further developments.
- HDA must be able to strengthen its own balance sheet.
- HDA must pro-actively act as catalyst of developments.
- HDA must be able to generate income from project management fees.
- HDA will share project and financial risk with its strategic delivery partners.

**CERTIFICATE OF INDEPENDENT BID DETERMINATION**

- 1 This Standard Bidding Document (SBD) must form part of all bids<sup>1</sup> invited.
  
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
  
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
  - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
  - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
  
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
  
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
