HDA/JHB/2021/028

PROPOSAL TO BE SUBMITTED BY

NO LATER THAN

11H00 ON 22 JUNE 2022

1. INTRODUCTION

The Housing Development Agency (HDA) was established in 2008 as a public development agency whose objective is to fast-track the acquisition and release of state, private and communally owned land for human settlement developments. The HDA also provides programme management services for the development of human settlements and other human settlements development services.

The scope of magnitude of the portfolios and programmes within the ambit of the HDA's operation carries with it the urgency of delivering housing *en masse* across a spectrum of national housing code programmes with limited resources and stringent timeframes

It is against this background that the HDA intends to establish a panel of property developers to be considered for appointment to assist in the roll out and development of its human settlements infrastructure and top structure programmes and projects nationally. Some of the mixed-use development opportunities being considered by the HDA include student accommodation, social housing, gap housing and retail among others. The projects will consist of brownfield and green field projects.

2. RATIONALE FOR ESTABLISHMENT OF PANEL OF PRIVATE DEVELOPERS

Consultations with the key industry and public sector stakeholders have highlighted the following strong attributes of the sector and the appointment of developers is required due to their financial capacity and technical capabilities to deliver at scale within budget and schedule and therefore:

- a. Presents an opportunity to coordinate public sector grants from different spheres and agencies of government and thereby leverage private sector funding in a concerted drive to new human settlements developments.
- b. Established track records that can be used to finance, build, and operate projects to ensure that risks and proceeds are equitably shared.
- c. Provide a consolidated team of technical capabilities.
- d. Proven systems and methodology to complete work on time and within budget.
- e. Provide demonstrated financial capacity to undertake including costing of the overall development and sources of funding.
- f. Access the provision of the required human settlements subsidies across human settlements programmes.
- g. Must drive the envisaged development from initiation to completion.

3. REQUEST FOR PROPOSALS

The Housing Development Agency hereby invites interested developers to submit prequalification documents as an expression of interest for appointment to a panel of private property developers for the Housing Development Agency for a period of three years.

The successful bidders will be appointed to a panel by way of a signed letter of appointment to the panel and will be invited to submit bids for allocation of human settlements projects by the Housing Development Agency from time to time.

A fair and transparent process will be used to select developers from the panel when development opportunities for developers are available.

The intention of the HDA is to conclude joint development agreements with the successful bidders.

4. OBJECTIVES OF THE REQUEST FOR PROPOSALS

The key objectives of the request for proposals are to invite private property developers to submit proposals to be considered to form part of the panel of developers to partner with the HDA and other organs of state for the development of integrated sustainable human settlements on land available by the HDA. The projects scope covers all human settlements programmes contained in the national housing code.

The envisaged projects will be developed in conjunction with the National Department of Human Settlements, the relevant Province and concerned Municipality.

The Human Settlements Development Bank, the National Housing Finance Corporation and the Social Housing Regulatory Authority will, where applicable, also form part of the development. It is furthermore envisaged that the development opportunities will promote spatial transformation and investment in mostly the urban environment.

The HDA will avail the development opportunities by way of land development agreement which will grant the rights holder secure development rights with the ability to raise capital therefrom.

5. TIME FRAMES

The total term of the appointment onto the panel of developers is three (3) years from the date of appointment.

6. EVALUATION PROCESS

The HDA needs to be satisfied, in all respects, that prospective developers have the necessary financial capacity, technical capabilities / experience and development financial capacity to implement human settlements developments, and that all proposals will be considered in a fair and transparent manner in terms of evaluation criteria and process.

The general methodology of selection will be that proposals will first be evaluated on **Mandatory requirements**. CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.
2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging)² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and/or services for purchasers who wish to acquire goods and/or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
